

MEDICO-LEGAL EXAMINATION REPORT

*** SYNTHETIC DEMO DATA · NOT A REAL CASE · FOR TESTING ONLY ***

Government General Hospital | Medico-Legal Cell
MLC No: 882/2026 | Date & Time: 12-August-2026 at 22:45 hrs (10:45 PM)
Patient Name: Ramesh Patel | Age: 38 yrs | Male | Brought by: Self & Colleague

INJURY PARTICULARS:

- 1. Contusion over left forearm (extensor aspect): Size 4 cm x 2.5 cm, reddish-blue discoloration. Tenderness present. X-ray of left forearm reveals NO bony injury, fracture, or dislocation.
- 2. Linear abrasion over right clavicle region: Size 3 cm x 0.5 cm, superficial epidermal breach.

EXAMINING DOCTOR'S OPINION:

- Injuries are consistent with being struck by a blunt object or weapon with moderate force.
- Age of injuries: Fresh, consistent with stated time of incident (within 2-4 hours prior to exam).
- Nature of injuries: Simple in nature. Patient is hemodynamically stable, conscious, and oriented.
- Patient was discharged with analgesics and antiseptic dressing at 23:30 hrs.

Medical Officer: Dr. S. K. Nair, MD (Forensic Medicine), Reg No. 54219
